

# Zero Emission Heavy Duty Vehicle Purchase Grant Scheme Drawdown Form

**Note:** The purpose of the ZEHDV Purchase Grant is to assist the purchase of vehicles that exceed applicable European Union environmental standards that would not otherwise have been purchased without the support of the Grant.

The Zero-Emission Heavy Duty Vehicle (ZEHDV) Purchase Grant Scheme is funded by the Department of Transport. The Scheme is administered by Transport Infrastructure Ireland, with the assistance of Piers Fitzgibbon Solicitors LLP which acts as the Scheme Operator. All communications in connection with the Scheme will come from Piers Fitzgibbon who will endeavor to confirm receipt of drawdown requests within three working days.

All fields in the form are **MANDATORY**. Incomplete applications may not be processed. This Drawdown Form shall be submitted in digital format (either digitally filled and signed, or manually filled, signed and scanned).

**Note:** It is only possible to make one grant drawdown per application. If the grant drawdown does not make a claim for all the vehicles on the application, the vehicles not claimed will be permanently removed from the application and the grant offer will no longer apply to these vehicles. The grant is calculated using the price of the vehicle excluding VAT and optional extras.

Additional vehicle grant support at a later date following a submission will require a new grant application to be completed.
