Introductory Remarks

- Traffic figures are measured from 7am to 10am so as to provide an early indicator each day.
- Weekly heavy goods vehicle traffic has remained largely stable and accordingly the daily figures provided are for cars only.
- The changes recorded day-to-day are not cumulative – they compare only the current day's figures versus the same day in the previous week, the same day last year and with the same day prior to the introduction of Level 3 restrictions on 7th October (i.e. Wed 30th Sept to Tues 6th Oct).
- Initial restrictions were put in place on Tuesday 17th March 2020. Countrywide Level 5 restrictions were in place from Friday 30th October to Wednesday 30th December and were reintroduced on 31st December 2020.

Daily Data for Tuesday 24th August

- There was a fault with the traffic counter on the M7 (Limerick) on the 27th August 2019, resulting in data not being available from that date.
- In general, this morning's traffic volumes show an increase as compared to those one week previously, Tuesday 17th August 2021, and an increase as compared to Traffic volumes before the introduction of Level 3 restrictions in October of 2020.
- Car traffic just south of the Northern Ireland Border on the N1 at Jonesboro shows a +2% increase as compared with Tuesday 17th August and a +16% increase since the start of the October Level 3 restrictions.
- In the case of the non-motorway border counter sites, traffic volumes today show changes of between -3% and +10% as compared with Tuesday 17th August. The changes in car traffic volumes since the application of October Level 3 restrictions ranges from -46% on the N16 west of Manorhamilton to +5% on the N2 north of Monaghan. It should be noted that traffic volumes at the N2, N3, N14, N15 and N16 counters are lower than at the motorway traffic counters and are likely to display wider fluctuations in traffic figures than other traffic counters.
- Traffic volumes on the radial routes into Dublin, comparisons with Tuesday 17th August are as follows: +4% on the M1 at M50 to Airport, +3% on the N7 at Citywest, +7% on the M11 at Bray and +1% on the M4 at Celbridge-Maynooth. Comparisons with the same day prior to the start of the October Level 3 restrictions are as follows: +7% on the M1 at M50 to Airport, -1% on the M11 at Bray, +2% on the M4 at Celbridge-Maynooth, and +4% on the N7 at Citywest.
- The M50 (N3 Navan Road to N4 Galway Road) shows a +2% increase as compared with Tuesday 17th August and a +10% increase as compared with pre-Level 3 traffic.
- In the case of the regional cities the changes in car traffic volumes this morning as compared with Tuesday 17th August are as follows: N6 Bóthar na dTreabh Galway -1%, N40 Cork +3%, M9 Waterford +7%, and M7 Limerick +7%. Comparisons with the same day prior to the start of the October Level 3 restrictions are as follows: N6 Bóthar na dTreabh Galway -12%, N40 Cork -9%, M9 Waterford -6% and M7 Limerick -6%.
