ZERO EMISSION VEHICLES IRELAND

ZEVI ELECTRIC VEHICLE CHARGING INFRASTRUCTURE LIGHT DUTY VEHICLES EN-ROUTE GRANT SCHEME

DATA PROTECTION NOTICE

This data protection notice is issued by Transport Infrastructure Ireland (“TII”) (“we”, “us” or “our”).

TII is administering the ZEVI Electric Vehicle Charging Infrastructure Light Duty Vehicles En-Route Grant Scheme (the “Scheme”), with TII entering into grant agreements directly with recipients of grants under the Scheme. The Scheme is funded by the Department of Transport (the “Department”).

TII is the controller of the personal data that we collect in connection with the Scheme.

We take our responsibilities under applicable data protection law, including the General Data Protection Regulation (the “GDPR”) and implementing legislation such as the Data Protection Act 2018, very seriously. The purpose of this notice is to inform data subjects of the data relating to them that we may collect and the uses that we may make of such data in administering the Scheme.

1. What information do we collect

1.1 We (or service providers acting on our behalf) may collect and process data relating to data subjects during the course of our relationship with such data subjects (and afterwards) as set out below.

1.2 In circumstances where any of the following are sole traders: (i) the recipient of a grant under the Scheme (ii) the Prime Applicant in a Consortium which is the recipient of a grant under the Scheme or (iii) a sub-contractor identified in a Submission, such personal data may include:

- (a) the sole trader’s name and contact details;
- (b) the sole trader’s tax reference number and tax clearance certificate;
- (c) the amount of the grant;
- (d) financial details relating to the sole trader, including turnover;
- (e) any other details which relate to whether the sole trader is compliant with the Scheme Documents;
- (f) bank account details for a sole trader (being the account into which the grant will be paid); and
- (g) any other personal information which the sole trader provides directly to us.

1.3 In circumstances where the recipient of the grant is a company, then we may collect the following categories of personal data from directors/executives in the company with whom we are dealing:

- (a) name and contact details; and
- (b) any other personal information which such directors/executives provide directly to us.

2. Purpose of processing and legal basis

2.1 The personal data described above may be used by us and by third party service providers (such as a third party operating the Scheme on our behalf) for the purposes of:

- (a) administering the Scheme, which includes general administration, assessment of eligibility under the Scheme, and calculation and payment of a grant under the Scheme,
- (b) complying with any obligations imposed on us by applicable law;
- (c) complying with our legal and regulatory obligations; and
- (d) overseeing and reviewing the operation of the Scheme.

2.2 The legal basis on which we collect and process personal data in the manner described above is:

- (a) for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller. Pursuant to section 19(1) of the Roads Act 1993 (as amended) we have responsibility to secure recharging or refuelling infrastructure for a network identified in schemes made by us. This therefore provides a lawful basis for processing personal data under Article 6(1)(e) of the GDPR and section 38 of the Data Protection Act 2018; and
- (b) where the applicant (or prime applicant in a consortium) is a sole trader, that the processing is necessary for the performance of a contract with the sole trader e.g. for compliance with the Scheme rules and terms and conditions.

2.3 We have ensured that any processing of personal data will be limited to what is necessary and proportionate.

3. **Disclosure of personal data**

3.1 Where necessary and proportionate, we may disclose personal data to third party recipients in connection with the purposes set out above. This includes sharing personal data with:

- (a) a service provider appointed by TII to operate the Scheme on its behalf;
- (b) any successor to TII as the administrator of the Scheme;
- (c) other service providers (including consultants and legal advisors) in connection with the operation and administration of the Scheme;
- (d) other public authorities and bodies such as An Garda Síochána or other law enforcement authorities, where required or permitted by law, for the purposes of the prevention, investigation or detection of crime; and
- (e) the Department in connection with the Department's review, audit and oversight of the administration of the Scheme from time to time.

4. **Retention**

4.1 We will retain the sole trader and executive/director personal data specified above for the duration of our administration of the Scheme and for such period of time thereafter as is necessary to exercise our rights or comply with our obligations under applicable law and, if relevant, to deal with any claim or dispute that might arise.

5. **Necessity of Provision of certain information and consequences**

5.1 We require the personal data described at 1. above in order to administer the Scheme. If we are not provided with all relevant details then the grant applicant will not be able to avail of the Scheme.

6. **Data subject rights and update of information**

6.1 Data subjects have the following rights, in certain circumstances and subject to certain restrictions, in relation to their personal data:

- (a) the right to access their personal data;
- (b) the right to request the rectification and/or erasure of their personal data;
- (c) the right to restrict the use of their personal data;
